Swiss Epidemiology
Winter School 2021

Wengen, 18–23 January 2021

Swiss Epidemiology
Winter School 2021

The next and 12th Winter School will take place from 18–23 January 2021, during the week following the International Lauberhorn Ski Races, when Wengen is calm, with few people on the slopes.

Each of our 6 courses runs over three days and consists of lectures, group work and computer practical sessions. Students stay on site and work hard in the mornings. Then they have an extended break to review course materials, catch up on emails or (more likely) go skiing or snowboarding. They reconvene at 4:30 pm for computer or practical sessions.

During the afternoon breaks and in the evenings various social activities are offered to give the participants a chance for networking and enjoying their stay in Wengen.

Save the dates!

Registration starts
summer 2020
www.epi-winterschool.org

To be informed, send e-mail to
winterschool@ispm.unibe.ch

Organization and Conduct

Directors
Prof. Matthias Egger, ISPM, University of Bern
Prof. Marcel Zwahlen, ISPM, University of Bern

Language
All courses and materials are in English

Fees

SSPH+ PhD students	CHF 700–750
Academics	CHF 900–950
Industry	CHF 2000–2050

Organizer
